Description
-------------

Very beautiful table linen service including a very large castle tablecloth measuring over 5m and its 18 matching napkins. The dimensions of the tablecloth are rare and allow you to set a very large table. This beautiful set of old linen is very elegant and refined due to the quality of the manual work of the damask. This magnificent work of linen thread was made in France at the end of the 19th / beginning of the 20th century. Damask is elegant with a plant pattern of foliage and flowers. Damask gives a satin effect. The damask pattern is very discreet while remaining visible. The whole thing is extremely delicate. The towels are very large. At the center of each napkin, the damask pattern forms an extremely charming central crown of scrollwork.
