

Pair Of William Morris Armchairs Late 19th Century In Oak

1 650 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Description

Superb and elegant pair of William Morris armchairs in oak. Its armchairs owe their name to the inventor of the system allowing the inclination of the backrest using a brass bar which is installed in a rack. Resting on casters, they are equipped with large armrests resting on a multitude of balusters. The wide crosspieces provide good stability and unfailing solidity, while the high backrest offers excellent comfort. Its armchairs are very elegant and rare in pair, it is a work of good quality in excellent condition, the rear upholstery is also in good condition and very comfortable.
