

## Akoya Cultured Pearl Ring And Its Openwork And Diamond Setting

1 200 EUR

Period : 20th century

Condition : Parfait état

Material : Gold

### Description

In the spirit of old rings, the setting of this pearl ring is openworked with arabesques set with small modern brilliant-cut diamonds. Two larger bezel-set diamonds frame a round Japanese cultured pearl with pearly white Orient.

Main material: yellow gold, 750 thousandths, 18 carats.

Pearl diameter: approximately 7/7.5 mm. Total weight of diamonds: approximately 0.10 carat.

Proportions: Height: approximately 13.8 mm, width: approximately 14.8 mm, thickness: approximately 8.5 mm, width of the ring at the base: approximately 1.6 mm.

Net weight: approximately 3.4g.

Our opinion: A lovely pearl diamond ring that is reminiscent of old rings from the Belle Epoque.
