Description

We present this exceptional brass offering dish, exceptional above all for its size: 52 cm in diameter. The particularity of this offering dish is that in the center there is the portrait of a Roman emperor, Marco Tullio who was neither more nor less than CICERON. Like all of them, it is made of embossed and chiseled copper. The rear patina proves that it is from the 17th century, perhaps towards the end. (E24)
