Marble Fountain

11 500 EUR

Period : 18th century

Condition : Bon état

Material : Marble

Width : 64 à 77cm

Height : 198.5cm

Depth : 45cm

Description

Large wall fountain in veined gray marble, Louis XVI period. It is made up of a base on which the basin rests, itself enhanced by a splashback topped with a trumeau. The trumeau is painted and decorated with 4 daisies carved in its corners. In its center, at the bottom, it has a bay leaf medallion which accommodates an original brass tap. The whole is topped with a molded cornice. In very good shape. The rear of the basin is recessed.Ref: A6198
