

19th Century Vase In Silver Metal

280 EUR

Period : 19th century

Condition : Parfait état

Material : Silver metal

Description

Impressive 19th century Louis XVI style vase in silver-plated metal, with a very high level of silvering (we had to "touch" the vase because we had doubts about whether it was made of solid silver). Magnificent antique Louis XVI style frieze with torches, knots, ribbons and cornucopias. Very fine detail. This vase is absolutely sumptuous and looks much better in real life than in photos! Nice dimensions: 37 (H) cm, 1.2 kg
