Lyre Barometer, Restoration Period, Eglomisé Glass

350 EUR

Signature : Louviaire

Period : 19th century

Condition : Etat d'usage

Material : Glass

Description

Barometer from the Maison "Nouviaire Opticien à Longwy" in a diamond shape surmounted by a lyre containing a thermometer. The églomisé glass features a circular dial in gold letters on white. The center is decorated with a rosette whose arms are decorated with palmettes. A border patterned with black and gold shells on a mirror background (parclose) completes the whole. Painting under glass with small gaps, missing thermometer tube, see photos. Restoration Period Dim. Height 87 x 52 cm
