Description

Silver jam maker with its cut crystal container and its twelve single-plate spoons. The mount is in molten, hammered and chiseled silver taking the shape of a Medici vase resting on a square pedestal with four lion's paws, the perimeter of which is highlighted by a large frieze decorated with rosettes, palmettes and pearls. The terrace of the foot is decorated with a frieze of water leaves, echoing the border of the upper part of the frame. On the two main faces: a relief representing a winged Victory in the company of two angels, a torch in her hand, holding the reins of a chariot pulled by four horses in a cloud accompanied by attributes of Zeus. On the side faces: the pushed back face of Gorgon surrounded by a decoration pierced with acanthus scrolls. The double side handles of the jam maker are curved in shape and
