Philippe Berry, Bronze and colored silver sculpture, "Ballons de Foire," ed. 2/8 pieces, 2018

Gorgeous and vibrant sculpture composed of 3 bronze balloons cast and covered with multiple thin layers of colored silver giving this magnificent mirror-like surface.

It is one of the signature works of Philippe Berry, whose art is dedicated to popular culture and in particular to the reminiscence of childhood.

The work conveys this play of materials with the heaviness of bronze and the lightness of balloons.
