Description

Regency regency style Magnificent stool, square-shaped footrest, circa early 20th century, decorated with sculpted and painted flowers. It rests on 4 arched legs decorated with shell scrolls; On the 4 sides we find 4 curved shells decorated with finely sculpted flowers, highlighted in shades of royal blue and pastel colors. It looks like a piece from the 18th century. I highly recommend it. Note, the upholstery is in perfect condition but needs to be covered with a new fabric according to your taste.
