### Description

Pair of groups in white and gold porcelain from the late 19th and early 20th centuries representing cherubs or young bacchus playing. Very interesting together in the spirit of Clodion or Giuseppe Coppé featuring these cherubs with the attributes of the vine and wine. In addition to the quality of workmanship visible in the details and the fine gold gilding, these sculptures give off a very pleasant impression of cheerfulness and joy. Subjects inspired by the 18th century style and made by a factory in Capodimonte or Meissen, mark on the back. Possibility of sending in France and throughout the world by secure and insured package.
