

## Candlesticks On Stand In Gilt Bronze With Putti Decor, 19th Century Period

750 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Width : 5,5

Height : 23,5

Depth : 5,5

### Description

Pair of standing candlesticks or table candlesticks in chiseled and gilded bronze. They represent a child perched on a barrel with rough grooves and wearing a garland. The child supports the fluted bobèche. Each old candlestick rests on a small square base and four ball feet. Napoleon III period.

Condition Report: These two candlesticks have beautiful gilding and are in very good condition.
