### Description

Gouache and watercolor painting from the mid-19th century in a romantic style signed lower right Cousy. Very interesting original work by this painter who appears to be Herminie Cousy active in Castres in the 19th century and having participated in the Salons Des Beaux-arts in Toulouse. High quality gilded wood frame in excellent original condition. We are here in the presence of a room which has retained all its period freshness and presents a certain decorative interest with its original oval Marie Louise and this beautiful animated perspective view with this large ruined castle. Romanticism is there with the fragile presence of human work in the midst of Queen Nature. Frame dimensions 50 by 47 cm. Possibility of sending in France and throughout the world by secure and insured package. Invoice
