

## 17th Century Portrait Painting

5 500 EUR

Period : 17th century

Condition : Restauré

Material : Oil painting

Width : 75

Height : 100

### Description

Oil on canvas representing a gentleman wearing a large wig, dressed in fabric in a very beautiful carved and gilded oak frame from the 17th century. The very realistic face can be compared to the work of Rigaud or Largillière, the canvas is original and not re-lined, a small restoration was carried out at the neck, probably due to a stab at the time of the French revolution.
