### Description

Beautiful Christ the Redeemer after Loenardo Da Vinci. It is a porcelain plate where the subject is painted in the style of a red chalk. It's the most beautiful effect. I deliberately left the whole thing in its juice but it can simply be cleaned if desired! The frame is Art-Nouveau, of good quality, a tiny chip on the front at the bottom right. Signed C.Vleminckx undoubtedly a Belgian painting. A moving dedication from the artist to these little girls. dimensions: 31x36cm with frame 29cmx 24.5cm
