

Vienna Bronze Stopper

160 EUR

Signature : Bergmann

Period : 19th century

Condition : Très bon état

Material : Bronze

Diameter : 3

Height : 6

Description

I lost it...Damn where could I have stored this catalog of Vienna Bronzes from the Bergmann factory???? Fortunately, visual memory still works, I'm sure I saw this cork as well as others in the exhibition window... Oh it's not that this cork claims any glory but the little "shepherdess" "who promises his goose (do we say his goose or his goose?), deserves to be honored. Delightful miniature bronze object
