Description

Lovely large chandelier in gilded bronze and crystal and glass pendants. Very elegant shape supported by a cage-type frame but in Louis XVI style. It illuminates with 6 lights. The assembly of this chandelier is in the spirit of 18th century chandeliers with the assembly of the sconces and the cage with key and pin. The gilding is sublime. The pendants alternate between crystal and glass with amethyst drops. There is an extension in trimmings which allows you to increase the size of the chandelier. Made in the mid-20th century. We did not find a signature but given the quality of assembly and the gilding, it must be a chandelier from a fine factory such as Baguès, Gau... The electricity works. Period around 1950.
