Description

Curved facade of an 18th century altar, tomb shape, remains of faux blue marble style polychrome. In the center an oval medallion is sculpted in a curved shape, with a laurel wreath falling on each side. Above remains of knot LXVI (the top of the loops is missing). St John with halo, staff in left hand (with gourd), open Bible in the other. It is outside near the water a column with sides cut off by a building on the left and a Romanesque-style bridge on the right in the background, elements giving depth to the scene. The bottom crossbar was formerly stripped. And the 2 curved uprights are formerly redone. The painted patina must be repeated. Can be left as is as a decoration for the quality and age of the sculpture... SAONE ANTIQUITES store 149 rue de la Levée 01750 ST LAURENT SUR SAONE
