350 EUR

Period : 20th century

Condition : Très bon état

Material : Metal

Diameter : 97

Height : 70

### Description

Superb round garden table Created industrially during the second half of the 20th century, it consists of a round top and an X-shaped base, all in metal. The top has a pretty green color which has patinated over time, with a few gaps here and there, for a nice touch of authenticity. The base is painted light gray. A good size, it can accommodate 4 guests very comfortably. It is in very good condition, with very little corrosion, solid and stable. The thinness of the top and the base makes it a very light piece of furniture. In addition, it is foldable, and a handle judiciously integrated into the base allows it to be easily transported, and therefore, why not, to take it for a luxury picnic!! Circa 1960 Dimensions: - Height: 70 cm - Diameter: 97 cm Weight: 10.3 kg

Delivery possible in France and around the world.
