

Candlestick, 18th Century.

140 EUR

Period : 18th century

Condition : Bon état

Material : Bronze

Height : 16 cm

Description

This small silvered bronze candlestick dates from the mid-18th century. It is small in size and is what is commonly called a toilet candlestick. The baluster stem rests on a contoured foot decorated with moldings, the binet is gadrooned at its base and decorated with several fillets. By revealing the yellow of the bronze, the worn silvering offers the eye a pleasant patina where gold and silver compete.
