18th Century Bidet

650 EUR

Period : 18th century

Condition : Très bon état

Material : Earthenware

Description

Beautiful earthenware bidet from the Louis XV period, probably from Rouen, in its original cherry and walnut cabinet, opening with a drawer. Very good general condition, note a barely visible hair on the pelvis and an old repair on one of the feet. The wooden frame measures 47 cm high, the basin 45.7 cm, the trapezoid-shaped cover measures 42 cm wide for its widest part, 21 cm for the lower part and 55 cm for each side.
