

Study Of A Plane Tree

5 500 EUR

Signature : Francesco LoJacono

Period : 19th century

Condition : En l'etat

Material : Oil painting

Length : 39

Width : 28

Description

oil on canvas glued onto wood. Refined sketch where Maestro Lojacono depicts a solitary plane tree, whose branches partially illuminated by the sun and some in shadow bring out a delicate perspective, almost deluding the viewer as if they were slightly moved by a breath of wind. The clever color of the background changing from white to intense blue, from bottom to top, seems to make the tree soar towards the sky. Work signed lower left.
