

Jollier (20th Century),

600 EUR

Period : 20th century

Condition : Bon état

Material : Terracotta

Description

Two monks dressed in homespun cassocks reading. Glazed clay in the "Raku" taste. Both bearing the JOLLIER signature. High: 33 and 32 cm. Twentieth century. (small chips or changes in enamel) This artist produced different types of vases, some in the "raku" style. These two subjects, more or less close to each other, will fit perfectly into a very minimalist or stripped-down contemporary interior.
