Important portrait of a man in darkness with an illuminated face, looking up to the sky, perhaps a philosopher or a saint!

our portrait dates from the 19th century and has a difficult-to-decipher signature at the bottom left with a date.

the portrait is very well treated, imbued with emotion and spirituality, this man seems to receive an illumination.

This is an oil on canvas in good condition, re-canvased in the 20th century.

the frame is carved in polychrome and gilded

the sculptures are very naive and reminiscent of certain Spanish Renaissance settings.
