### Description

Ancient oil painting on canvas depicting the portrait of a noblewoman with a contemporary gilded wooden frame.

It portrays a woman of high social standing, dressed in a brightly colored dress such as red and blue, and immortalized in three-quarters view, with her gaze directed at the viewer and her breasts protruding from her.

With her left hand she holds a mask, while with the other she lifts her veil with a sensual attitude.

Note the careful rendering of her facial features, the attention to the nuances of the complexion, the sharpness of the contours underlined by the light.
