Description

A solid silver ring...

Tested at 925 (i.e. 925/1000)...

The silver and jeweler's hallmarks are incorrectly typed...

From the 1980s...

In perfect condition with minor wear and tear.
uses...

With zirconium oxides around the edges...

And in a bouquet of all the colors of cut crystal stones...

The silver was originally treated "rodied" to avoid oxidation...

This is one of the reasons why the hallmarks are difficult to see...

The size will be added later...

It is a small size...

Which can nevertheless have small adjustments
