Description

Mazarin desk 17th/18th century. This piece of furniture was purchased at an auction of JEAN-CLAUDE BRIALY souvenirs. During the restoration we found many interesting documents in the office. There are childhood photos of JEAN-CLAUDE BRIALY, letters, newspaper clippings. A card written to JEAN-CLAUDE by Romy Schneider (photo) is extremely intriguing. It is written on a photograph of Romy Schneider's family home in Berchtesgaden. The office has retained period features (photo). It was restored in the 19th century. The bottom of the furniture was replaced in the 19th century. Delivery costs within the European Union are 200 euros. Apologies to the Google translator. 83cm x 81cm x 48cm
