### Description

Beautiful "Head of a Goddess Treated in the Antique" in sculpted stone from the LXIV period. Beautiful facial and hair treatment. A small cavity on the top of the hairstyle made it possible to embed the attribute of the goddess worked in a different material, perhaps a bronze crescent moon if it is Diana... Beautiful marble base "Portor" with a square section. Pretty, very decorative piece with a beautiful old patina. Work from Northern Italy from the late 17th/early 18th century. NB / Shipping possible to France via Colissimo followed: 50 euros.
