Description

Beautiful and rare female portrait of an elegant young woman richly dressed, this portrait follows the traditional aesthetic of the time, turned in three quarters and a neutral background which favors this young woman and her many quality details, such as jewelry, quality of clothing, the flower held in his hand, it is presented in a "royal" and sober manner but at the same time with a slight smile on his face, this subtlety accompanies the entire composition which is distinguished by the balance and harmony obtained by the artist in the composition of the gesture in the elegant garment but without excess and with quality details Venetian work from the 18th century similar to the work of Pietro Longhi due to the technical treatment, this artist also devotes a significant part of her production to
