"Simone Picciotto's paintings tell fabulous stories, a gesture which draws from an inexhaustible reserve of images whose metamorphoses she unfolds in alluviums of paintings, collage of wallpaper, fabrics, obsolete and incongruous objects, vestiges of an everyday mythology, unearthed in flea markets. The artist proceeds by diversions, traps the understanding in plastic waste which takes us on a poetic wandering, in which all avenues are possible. The world of Simone Picciotto is that. of enchantment." - Lydia Harambourg
