Description

- the title is transferred from the back of the piece, we assume that the framer of the time (fifties.....?) is the one who affixed this manuscript to the back - - there is no reason to doubt this text, but it is difficult to say whether it is an oil or egg painting, or even a gouache..... - the painting measures approximately 12.6 x 8.6 cm. with its 28 x 32 frame with a frame depth of 6 centimeters -
