

19th Century Painted Gothic Console Table

1 325 EUR

Period : 19th century

Condition : Très bon état

Material : Painted wood

Width : 148

Height : 97

Depth : 60

Description

An imposing 19th century painted console table in the Gothic taste. Rectangular molded rounded top underlined by a succession of broken molded carved arches evoking gothic architecture with carved rosettes to the corners. Rounded shaped column supports, resting on a curved shaped base. Great proportions and lovely worn color. An imposing painted console that will make a statement in most settings and interiors.
