Description

Gouache and watercolor painting from the early 19th century representing an animated landscape. Work from the beginning of romanticism still influenced by the spirit of the 18th century and in particular the school of Pillement. Very good quality of production and very good state of conservation of the freshness of the colors which have kept all their nuances. Note the presence of two characters animating the scene. Signature of the artist and date of production. Possibility of sending in France and throughout the world by secure and insured package. Invoice and certificate provided. Frame dimensions 41 by 34 cm. Very beautiful period frame in gilded wood.
