

Romantic Moonlight Landscape, Northern Europe, 19th Century

800 EUR

Signature : J. Gud.....

Period : 19th century

Condition : Bon état

Material : Oil painting

Width : 67cm

Height : 83cm

Description

A nocturnal lake landscape reflecting the light of the clouds lit by the moon, bordered by large dominant fir trees and gray rocks. The dark mass of the foliage in the foreground accentuates the dramatic character by the contrast with the fairly bright clarity of the clouds.

Unfortunately, the beginning of signature, J. Gud.... does not identify the artist, probably from the romantic school of Northern Europe (Norway?)
