Golden Wood Element From The 17-18th Century

90 EUR

Signature : anonyme

Period : 17th century

Condition : En l'etat

Material : Gilted wood

Diameter : 8,5 cm.

Height : 21 cm. hors tout

Description

I offer you this beautiful object whose gilding has suffered and which seems incomplete. Note that the sharp end was covered with bronzine which does not contribute to giving the object any meaning. The object appears to be made of oak wood. It looks like a trimmings cord end.? but OK,
