Description

Very beautiful oil on canvas hyperrealistic still life by Frédéric Baccalino. Frédéric Baccalino is a French painter born in Antibes in 1962. He is part of a quest for hyperrealism in still life, always on the lookout for the smallest detail. For thirty years, this quest has focused on the representation of the fruit in all its complexity in terms of color and light. The artist paints in oil, in a smooth execution in keeping with the Dutch style of the 18th century. He exhibits throughout France (Paris, Saint Paul de Vence, Saint Tropez, Bordeaux, etc.), but also in Milan. Dimensions: without frame 33 cm x 22 cm.
