### Description

Beautiful liqueur service with its 6 glasses and its tray by DAUM. Clearly referenced together, enthusiasts will easily recognize the very particular style of the very first pieces created by the famous glassworks. These are in fact pieces from 1890-1892. This model with a very high leg (which gives all its elegance and interest to this service) is ribbed with a golden base and collar called "comb" and is of great finesse. Not the slightest lack of gilding, impeccable condition despite its 130 years of age. Each glass measures 16.5 cm in height, with a large original tray of 29.5 cm in diameter. Very beautiful art-nouveau set, very rare model.
