

Polychrome And Gilded Terracotta Statue Canopy.

2 700 EUR

Period : 19th century

Condition : Bon état

Material : Terracotta

Diameter : 33 cm

Height : 62 cm

Description

It represents a cathedral ridge with Gothic pinnacles. Rich ornamentation of openwork and polylobed arcatures, rosettes, acanthus leaves...It rests on four console legs and presents some small barely visible traces of time. It can be suspended above a religious statue or not or placed as is on a console.
