

18th Century Earthenware Barrel

550 EUR

Period : 18th century

Condition : Très bon état

Material : Earthenware

Width : 12cm

Height : 14.4 cm

Depth : 10.5 cm

Description

Earthenware barrel, with so-called "sponge" decoration in the central part, bordered by a series of circles on either side, on the body, resting on a pedestal.

4 holes in the pedestal, which are original, allow a cord to be passed through for carrying over the shoulder in order to drink in the fields.
