Description

Large gilded bronze perfume burner from the 19th century, origin from China or Indochina. Very interesting piece due to its remarkable size, total height 52 cm with its display, and its quality of production. Note the details of the quality sculpture, whether for the sacred lion surmounting the lid or for the massive and elegant feet supporting the basin. Very nice general patina without any scratches. Possibility of sending in France and throughout the world by secure and insured package. Invoice and certificate provided.
