### Description

Pompadour type ring in platinum (mascaron head hallmark) decorated in its center with a large emerald-cut emerald, with a rich color (nevertheless difficult to recreate in photos, and which deserves to be appreciated in person within our boutique), surrounded by brilliant-cut diamonds. Although large, this ring does not have a marked height effect on its overall volume and fits the finger as closely as possible. A classic with volume therefore treated in a contemporary way, with a basket made of finely dense threads, with perfectly balanced proportions, to highlight a beautiful sized emerald. Weight of the emerald estimated for approximately 2.80 ct, dimensions: 1.13 cm X 1 cm Total weight of the diamonds estimated for approximately 1.60 ct Contemporary made ring. Gross weight: 11.60 g
