Description

Bronze sculpture with brown patina by Charles-Alphonse Gumery, depicting a smiling young woman, welcoming two doves at arm's length... [Read more.](#)

Condition report: The bronze is in very good condition, with a beautiful patina with golden highlights. Trace of assembly on the right arm, result of the sculpture technique used: lost wax casting. With this process, the different elements of a statue (arms, legs, torso, etc.) are melted separately and subsequently assembled.
