Old Octagonal Wall Clock With Parisian Mechanism

1 100 EUR

Period : 19th century

Condition : Bon état

Material : Nacre

Diameter : 48

Description

Ancient and important wall clock with octagonal case and Parisian mechanism in perfect working condition. This clock chimes the hours and half-hours with a gong-like sound and has a two-week power reserve. The marble dial features Roman numerals in bull's eye style. The clock cover displays an admirable floral decoration made of mother-of-pearl, tortoiseshell, and brass of great beauty. It comes with a pendulum and a key.

Ideal for knowing the time with precision and enjoying a clock design with highly appreciated marquetry work.

Dimensions: 48 x 48 cm
