Description

Pair of Japanese porcelain vases, probably from the Koto or Arita manufactures, they date from the 1850s and therefore from the Edo period. Mounted in bronze around 1880 by a talented Parisian factory like Christofle or Barbedienne, who employed talented artists like Constant Sevin to design these Japanese or Chinese style frames. The whiteness, blue as well as the finesse and originality of the medallions are a characteristic of Chinese productions from the end of the Ming dynasty and the beginning of that of the Qing. perfect original condition.

Delivery possible in armored parcel and by chronopost for:

France 50EUR

Europe 90EUR

Others 120EUR
