Description

Fireplace set composed of a lyre clock and 2 candelabras with 4 lights, in pink marble and gilded bronze, decorated with a radiant mask at the top as well as floral and plant garlands, in the center the pendulum whose stems imitate the strings of the lyre, the circle of Rhine stones oscillating around the dial, from the Napoleon III 19th century period. This clock is in very good condition. It has been completely revised. We have his key. This form of lyre pendulum resembles the model of the bronzier Gouthière, several models of which are kept in museums (Cognacq Jay Museum for example). Note: a few small chips on the marble, some scratches and wear from time, see photos. PLEASE NOTE: FOR A DELIVERY QUOTE CONTACT US WITH CITY AND COUNTRY OF
