Description

Atmos* clock called "perpetual movement" from the Jaeger-LeCoultre brand, in gilded brass, plexiglass cage, vintage 20th century. This clock is in good general condition but will need to be reviewed (does not work). It is signed see photos. The rear plexiglass window can be removed (see last photo). Please note: micro-scratches on the cage, slight dirt and wear over time, see photos. *

The Atmos clock is a clock produced by Jaeger-LeCoultre. An emblematic piece from the Jaeger-LeCoultre Manufacture, it is the official gift of the Swiss Confederation. This clock, the first model of which was invented by Jean-Léon Reutter in 1928, has the particularity of not requiring manual winding. The energy required for its operation originally comes from the change in temperature and atmospheric pressure, hence
