

Prehistoric Fossilized Wood Trunks

900 EUR

Period : Before 16th century

Condition : Très bon état

Material : Solid wood

Description

These two fossilized wooden trunks come from prehistoric times. With their natural textures and colors preserved over millennia, they bear witness to the geological history of our planet. Ideal for use as unique decorative pieces or as furnishing elements, they add a touch of authenticity and history to any interior. The fossilization process has transformed these woods into true mineral works of art, giving them exceptional durability and a unique appearance. 900EUR / piece 51x38 46x30
