Old Screw Workshop Chair

250 EUR

Period : 20th century

Condition : Très bon état

Material : Metal

Width : 40

Height : 87-110

Depth : 48

Description

EXCLUSIVE! Magnificent workshop chair Made during the first half of the 20th century, this chair is made up of a metal structure, adjustable in height, and which receives a wooden back and seat. It is in magnificent condition, with all the marks of its very long life. The base has been varnished to lock in the beauty of the color. The wooden parts have just been waxed to preserve the patina. The screw allows you to adjust the height over a range of more than 20cm. There is a very slight play in the thread, but this has no impact on use or comfort. After spending almost a century in a factory in Lot-et-Garonne, it will make a nice industrial touch in a classic or modern decor. Circa 1930 Dimensions: - Height: 87-110 cm. - Width: 40 cm. - Depth: 48 cm. - Seat height: 59-72 cm. - Seat width: 35 cm - Seat
