

## Pillon And Its Mortar In 18th Century French Bronze

480 EUR

Period : 18th century

Condition : Très bon état

Material : Bronze

Diameter : 9,7 centimètres pour le rebord et 6,8 centimètres pour le fond

Height : 8 centimètres pour le mortier et 12,6 pour le pillon

### Description

A small mortar and one or its pestle...

In chiseled bronze shaped...

With simple thicknesses in the lower part and two lines engraved in the body...

The rim is also with some reliefs...

From the 18th century th it may be older...!

FRENCH origin...

It has been used so much that the bottom is deformed to the point of being bulging...!

A small model...

Very thick and very dense...

Its pillon may not be original even if it matches the size of the mortar...

When touched it makes a sound very pure...

Weight... 960 gr
