Description

Explore the opulence of the 19th century with this exceptional pair of silver iron and gilt bronze curules. These refined pieces capture the essence of the period's style, with their ornate metal and elegant design. Silver iron details add a touch of sophistication, while gold bronze brings a warm glow to these curls. Every delicate curve and ornament demonstrates the artisanal talent of this period, making this pair a living testament to 19th century art and luxury. Give yourself the opportunity to introduce a true piece of history and splendor into your space with this exceptional pair of curules.
